SUMMARY

With a background in business administration, I am an **award-winning Front-End Web Developer & UI/UX Designer** with 3+ years of proven experience. I have led cross-functional teams and delivered user-centered digital solutions. **3MTT Nigeria Fellow** and **ALX Africa Alumni** who transformed complex challenges into intuitive digital experiences, serving over 5,000+ users. Represented Nigeria at the **Tech4Good Summit in Shenzhen, China, in 2024**, leading a team of 5 tech enthusiasts. Demonstrated leadership in managing teams while maintaining a 100% project delivery success rate and 90% user satisfaction scores.

I am eager to apply my skills and experience to contribute to the growth of any organisation, while being open to learning, relearning, unlearning, and growing under seasoned professionals

Core Competencies: Product and Project Leadership | User Experience Research | Team Management | Cross-functional Collaboration | UI design | Front-end development.
