### SUMMARY

Results-driven front-end web developer, a fellow, and alumnus of 3MTTNigeria, alumnus of ALXAfrica, alumnus of the Huawei LEAP program, and an alumnus of KodeCamp, with a keen eye for detail and strong problem-solving abilities. Self-motivated and enthusiastic self-starter, eager to learn and grow under the mentorship of experienced professionals. I have collaborated with a cross-functional team to develop a fully functional website during my front-end bootcamp capstone project, I have led a team of 3 product designers, 1 front end engineer, 2 cybersecurity analysts, and an AI and Machine Learning expert to represent Nigeria for a Tech4Good summit and competition with other 19 other African teams in China, I am a protagonist with a strong sense of initiative which makes me proactive and willing to take on new challenges. My strength lies in leading, inspiring, and motivating others to achieve a common goal.

### Professional Experience

#### Front-End Developer Intern

Nov - Till Date 2024

KodeHauz AkwaIbom, Nigeria.

- Set up a project structure for Nextjs which enabled other front-end teams to develop their assigned website screens
- Attend daily stand-up, demo sessions, and PR reviews which helped me to write quality code and constructively work on feedback
- Coordinated my team for a week which improved proactiveness and good work ethics by 80%.
- Implement a screen on the website, help set up playwright test workflow files, and work with backend developers, DevOps, UI/UX designers, and other front-end teams to deliver a fully functional, visually appealing, and responsive website.

### VOLUNTEER WORK

#### Mentor/Content Manager

Aug - Till Date 2024

3MTT Lagos, Nigeria.

- Support the planning and execution of community projects by assisting with ideas, scheduling, and coordination with team members, which reduces the community manager's responsibility by 40%
- Create content for the daily newsletter of your assigned track. Create learning challenge content to identify weekly track captains (Fellow Spotlight), which increases engagement by 70%

- Lead the content team to create strong visibility for all 3MTT learning content and activities. This resulted in positive feedback and awareness with 90%
- Support Learners by solving their course-related problems, with an 80% satisfaction rate and 90% graduation rate for cohort 2

### **Volunteer Mentor/Community Champion**

Sep - November 2024 ALXAfrica Nairobi, Kenya.

- Supported 27 learners allocated to me by solving course-related problems and also achieved above 70% benchmark in all milestones and tests.
- Conduct surveys and polls, or one-on-one check-ins which led to knowing learners' pain points, motivation, and goals, which earned me a recommendation letter and certificate of excellence.
- Foster an active and engaged community among squad/community which increases Community Ambassador satisfaction.
- Provide resources to help learners stay on track, and persuade learners to attend webinars and fireside chats leading to an 80% increase to the overall attendance.
